

Water network hydraulic information request 2020-21

Council of the City of Gold Coast
ABN 84 858 548 460
PO Box 5042 GCMC QLD 9726
P 1300 GOLDCOAST
F 07 5596 3653
E mail@cityofgoldcoast.com.au
W cityofgoldcoast.com.au

Please note that this application form is to be used for receiving water network hydraulic information associated with City of Gold Coast (City) hydrants (not for private mains or private hydrants). Please use **BLOCK LETTERS** and complete all details in full – incomplete forms will be returned.

Date of application	
---------------------	--

Applicant details			
Business name			
Contact person			
Contact phone		Facsimile	
Postal address			
Email address			
Existing property details			
Street number and name			
Lot number		SP/RP or BUP/GTP number	
Suburb			
Existing property description (e.g. open land, shopping centre, 3 storey walk up)			

Site plan attached (Please attach a plan, indicating the two City hydrants closest to the property, and also clearly indicate any proposed new connection points).

A [Search Request Form](#) is available on the City website via 'Forms and Applications'. If a plan of existing water main and hydrant locations is required; the **SIS Location Diagram** needs to be requested.

New development details (if applicable)	
New development description <i>(e.g. new shopping centre, new 3 storey walk up, etc.)</i>	
Development application/approval number (if applicable) <i>(Please attach a development plan where applicable)</i>	
Proposed hydraulic design – please answer all questions below:	
Is the hydraulic information required for new private design (plumbing approval)? <i>If 'no', please note that field tests for assessing compliance of existing systems will generally be undertaken by private operators – refer to Yellow pages under 'Fire Protection Consultants'. It is up to the certifier or assessing officer to assess the validity of results provided directly from private field tests for compliance of existing systems.</i> <i>Enquiries regarding hydraulic design for new freehold subdivisions or building new City water mains should be directed to the City's Development Control group.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Will the development be connected to the recycled water network? <i>Please note – connection to the recycled network for non-residential usages will require prior approval via the 'Recycled Water - Expression of Interest' form - available from City's website.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Will the hydraulic design utilise City hydrants as feed hydrants? <i>Please note that it will be considered the responsibility of the property owner to ensure the compliance and maintenance of City hydrants if used for private on-lot fire design coverage.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No

Order and Payment method			
Account Number: 58671			
Total payment:	\$572.60	Date:	Receipt number:
Please indicate below which payment method you will be using:
