Control and management of library

6 The library authority has, subject to direction by the Council, the administration, management and control of the library.

Authorised persons

- (2) An authorisation may be given under subsection (1) on conditions the Council considers appropriate.

Reciprocal arrangements with other libraries

- 8 (1) The Council may enter into a reciprocal arrangement with another Council under which –
- (a) the members of the library may have access to library resources acquired by the other Council for a library (the “reciprocating library”) maintained by the other Council; and
 - (b) the members of the reciprocating library may have access to library resources acquired by the Council for the use of the library maintained under this local law.
- (2) A reciprocal arrangement under this section may be made on conditions mutually agreed between the participating Councils.

PART 3 – LIBRARY MEMBERSHIP

Library membership

9 Library membership is available to interested person under this Part.

Classes of membership

- 10 (1) The Council may, by local law policy, create different classes of membership.
- (2) Classes of membership may, for example, be created by reference to one or more of the following factors –
- (a) whether the member has full legal capacity;
 - (b) whether the member is an individual or a body corporate and, if a body corporate, the purpose for which it was formed or the nature of its activities;
 - (c) whether the member is resident or employed in the area or connected with the area in some way;

- (d) whether the member's personal circumstances may give rise to difficulty in complying with the usual requirements of membership or create special needs for access to library resources and facilities;
- (e) whether the member is also a member of a reciprocating library.

Application for membership

- 11
- (1) A person may apply to the library authority for library membership.
 - (2) An application for membership –
 - (a) must be in writing; and
 - (b) must include the information required by local law policy; and
 - (c) must be accompanied by the fee (if any) required by local law policy.
 - (3) An applicant for library membership must, at the request of the library authority, provide further information the authority requires to decide the application.

Enrolment of members

- 12
- (1) The library authority may, on receipt of an application for enrolment, enrol the applicant as a member of the library.
 - (2) If library membership is divided into classes, the enrolment must be in the class of membership appropriate to the applicant.
 - (3) The library authority may enrol an applicant on conditions the library authority considers necessary to protect library resources or the proper operation of the library.

Example

The library authority may, for example, enrol a person on a condition that a responsible person, who is acceptable to the authority, guarantees the member's compliance with the obligations of membership.

- (4) The library authority may reject an application for library membership if –
 - (a) the applicant is not, in the authority's opinion, acceptable as a borrower or user of library resources because of unsatisfactory past conduct, or
